Green Bay Packaging Awarded The Lebanon Industrial Business of the Year!

Cincinnati, OH – September 18, 2015 - The Lebanon City Council has selected Green Bay Packaging (GBP) for the 2015 Industrial Business of the Year Award.

This prestigious award distinguishes companies that have consistently demonstrated a commitment to progressive environmental practices, success in creating jobs, business expansion and improvements, and facility appearance.

“The Cincinnati Division strives for the highest level of excellence not only in business practices but environmental stewardship as well,” explains Bryan Hollenbach, Executive Vice President, Green Bay Packaging. “Continuous landmark achievements such as The Lebanon Industrial Business of the Year demonstrate this commitment.”

Green Bay Packaging has played a significant role in the Cincinnati containerboard market since 1985 with this year marking our 30th anniversary. In December 2012, GBP acquired the current Kingsview Drive facility of 268,000 square feet on twenty-eight acres. GBP recently completed a multimillion-dollar expansion adding a 50” four color Bobst flexo folder gluer, with inline die cut capabilities. This press is capable of producing over 18,000 boxes per hour and will provide expanded converting capabilities for future growth.

“Our employees take great pride in making high quality products that contribute to create a great work environment,” states Wayne Petersen, Vice President and General Manager of the Cincinnati Division. “These highly skilled and dedicated associates produce packaging that strengthens our customer’s ability to compete in the marketplace.”

About Cincinnati Division

At Green Bay Packaging’s Cincinnati Division, we blend knowledge and skill with creativity to develop, manufacture, and deliver revolutionary industrial and retail corrugated packaging products. We are transforming the industry in our region by raising the bar in the arenas of quality, graphics, and creativity.

About Green Bay Packaging Inc.

Started in 1933, Green Bay Packaging is a family-owned, vertically integrated company consisting of corrugated container plants, folding cartons, recycled and virgin linerboard mills, pressure-sensitive label roll stock, specialty converting operations, timberlands, and a sawmill facility. Headquartered in Green Bay, Wis., Green Bay Packaging Inc. is dedicated to innovative development of its products and forestry resources, with a focus on quality, sustainability and continuous improvement throughout all of its manufacturing facilities in 14 states.
