

Market Advantage™ Kiddie Sticker Collection

Fun and functionality in these label materials.

- Kids wish for brightly colored graphics and interesting shapes.
- Parents hope that stickers will remove cleanly.
- You need pressure-sensitive stocks that print well, convert easily, and have low minimum buys.

Everyone gets what they want with the Market Advantage Kiddie Sticker Collection.

- From the simplicity of a smooth-printing semi-gloss to the eye-catching brilliance of holograms, we offer face stocks you can use to create stickers that entertain.
- Many of the facers can be flexo and digitally printed.
- It wouldn't be a sticker without adhesive, and we carry permanent and removable versions that are non-toxic and kid-friendly.
- For stickers delivered on a roll or sheet, we have the right liner for your finished product.

Kiddie Sticker Collection

Kiddie Sticker Face Stocks

| | |
|-------|--|
| 054SG | 54# Blue-White Semi-Gloss |
| A54SG | 55# Blue-White Semi-Gloss |
| F54SG | 54# Blue-White Semi-Gloss – FSC-Certified |

| 056H5 | 64# Rainbow Hologram Paper |
| 056H7 | 64# Lots-o-Dots Hologram Paper |

Kiddie Sticker Adhesives

| | |
|--------|---|
| 805* | Allows children to decorate a variety of surfaces, and have the labels be removed in the short term. |
| 80361* | Designed for short-term removability – kids can play, and moms can get the stickers off the furniture. |
| 531* | General purpose removable – removable from many surfaces. |
| 278* | Microsphere ultra-removable and repositionable – will remove cleanly from most substrates. Stickers can be moved multiple times to increase play value. |
| 758M | General purpose permanent - perfect for coloring and activity books where removability is not needed. |

**Be sure to test the adhesive in the actual application to ensure removability.*

Kiddie Sticker Liners

| | |
|-------|--|
| 0PRLF | 3.2 Mil White Lay Flat |
| 41LF | 2.7 Mil White Lay Flat |
| F32LF | 3.2 Mil White Lay Flat – FSC-Certified |
