Material Has Been Scripted For The Xeikon 3000 Series

Note: Testing performed by Xeikon Inc. Print quality is a subjective evaluation and customer perception may differ. In addition, print quality results may vary from lot to lot due to variations in the substrate.

*** Not all Green Bay Packaging products have been tested. Other paper and film structures may pass as well. Please contact us for more information regarding Xeikon product testing ***

Materials Recommended for Xeikon Presses (continued...)

Description	Product Description (click for available structures)	Description
060SG	60# Semi-Gloss Litho	Semi-gloss, multi-purpose litho with superior gloss and print qualities. Bright blue-white shade.
061DL	60# Dull Litho	High quality, dull finish litho offering excellent print and die-cut properties. Good for flexo and offset printing.
0WEL8	Estate #8 White Vellum	Uncoated, white, wet strength paper. Maintains its integrity when wet. Designed for wine and other high-end labels, such as gourmet foods and cosmetics.
020CL	2.0 Mil Clear TC BOPP	Excellent printing results with water based and UV ink systems. Ultra clear for a no-label look.
023WP	2.3 Mil White TC BOPP	Excellent print results with UV curing inks or water based ink systems. High stiffness for conversion and automatic dispensing. Great choice for prime labeling.
024TL	2.4 Mil White TC BOPP	Distinctive pearlescent sheen. Excellent compatibility with UV curing inks and water based ink systems.
026TL	2.6 Mil White TC BOPP	Distinctive pearlescent sheen. Excellent compatibility with UV curing inks and water based ink systems.
KONAL KONAM	50# 100% Recycled PCW Paper	Kona paper™ is a blend of repurposed coffee bean bag fiber combined with post-consumer waste material. Perfect for labeling any coffee-related product, or environmentally-friendly packaging.
