CORE SIZES

For core size, see the Data Sheet for your specific item.

OVERRUN / UNDERRUN FINISHING ALLOWANCES

TIP +/- 5%
Inventory +/- 5%
Custom Single Pass +/- 10%
Piggybacks +/- 15%
Special Materials +/- 20%

Product shelf life is one year unless otherwise stated on the component data sheet.

In addition to +/- % on overall order quantity, roll length may also be +/- % of ordered length. Customers may designate "exact roll length" on non-trimless items only. Additional splices may be required to meet exact roll length requests.
